ABOUT ME

As a Front-End Developer with a passion for creating user-centric and visually appealing websites, I specialize in building responsive, dynamic, and high-performance web applications. Leveraging my expertise in HTML, CSS, JavaScript, and jQuery, I am dedicated to enhancing user experience and delivering efficient solutions.

INTERNSHIP

Java Full Stack Developer intern

inmakes info tech May 2024 - August 2024

Enhanced my Java programming and framework skills through hands-on workshops, in-depth online courses, and industry conferences. These experiences have deepened my expertise and helped me stay current with the latest advancements and best practices in Java technology.

Web Developer intern

Bharat Intern & Codsoft: September 2023 - October 2023 & October 2023 - November 2023

Developed dynamic websites using HTML, CSS, JavaScript, and jQuery. Enhanced user experience by implementing responsive web design principles and optimizing website performance for speed and efficiency.
